

Single Station Cutlery Dispenser

The **complete** solution to minimize cross-contamination!

Our all new Max Stax™ products are the industry leading cutlery dispensers for minimizing cross-contamination.

Designed specifically for sanitary operation, Max Stax™ is available now!
Contact us to learn more!

Advantages

- No Trays or Levers** — Significantly reduces the spread of germs by eliminating contact points
- Sealed Refill Bag** — Protects cutlery from contact contamination during handling or refilling
- Single Use** — Disposable cutlery prevents contamination from washing reusable cutlery
- Convenient** — Refills are simple with clearly labeled cutlery bags and refill indicators
- Modular Design** — Choose any three combo of knife, fork, or spoon to meet your needs
- Reduces Waste** — Waste is reduced since each customer only takes the cutlery they need
- Eco-Friendly** — Dispensed cutlery uses much less plastic film than individually wrapped
- Saves Labor Costs** — Our Max Stax™ dispenser holds up to 375 pieces to minimize refills
