

FSR Square Bowl and Lids

Square Bowls offer the modern look of china with the durability and cost savings of plastic. Their square design fits neatly into the corner of a serving tray, making them ideal for fruits, salads, desserts, or other cold items.

Using two lids, they snap securely together to create a convenient disposable option for back-of-house use or retail grab-and-go displays. FSR now stocks their own lids, FSR1184-S, delivering considerable savings per case. Square Bowls are NSF Listed and dishwasher safe.

Benefits

Space-Saving

Square design fits neatly into tray corners.

Visibility

Crystal-clear lid provides quick and easy product identification.

Convenience

Disposable dome lid offers a practical grab-and-go solution.

ITEM # FSR1184-S LIDS, 1000 PER CASE.
